

IST 263 Project Milestone 3 – Site Media

Name: Alyssa Tran

Description:

My idea for my website displays the types of piercing placements someone can get on their body. I have around 15 piercings total, which have varied in pain tolerance, and I want to create this site to help people understand their bodies as well as making sure they purchase the right type of jewelry. This site is meant to share my tips on healing the more untraditional piercings and provides information on what I wish someone would've shared with me on my journey.
